2019 ENTERPRISE PLEDGE FORM to the WSA GENERAL FUND

The creation of the 2019 WSA budget will be handled in a new way this year so that we comply with the recently-adopted Congress Resolution on Finance #8a, which was approved by the delegates at the 2018 World Congress. This Resolution requires that WSA budgets must balance expenses with donor pledges received from country committees, organizations, enterprises, and individuals, prior to the start of the fiscal year. Pledges apply to the WSA General Fund only.

A pledge is not a guarantee of future donations but is a solemn promise, or undertaking, to financially contribute in good faith. To best assist in the creation of the 2019 WSA Budget, all pledges should be received before the end of 2018, and the sooner the better to provide sufficient time for balancing projected expenses against total pledges. Therefore, **we would appreciate the return of this form by 1st November 2018.**

The generosity of entrepreneurial Subud members ensures the World Subud Association can continue to serve Subud members around the world through preserving Bapak's archives; funding international helper visits; translating and publishing Bapak's talks; subtitling Bapak's videos; maintaining Subud websites; encouraging Subud youth activities; supporting Subud enterprise services; protecting Subud trademarks & copyrights; ensuring all zones can be represented at annual meetings; and translating WSA communications into five languages.

More than half the 2019 WSA budget is allocated for Subud spiritual (kejiwaan) activities.
